ABOUT THE CHAMBER

The Plant City Chamber of Commerce is a member-driven, non-profit organization of businesses, professionals, and community stakeholders that provide leadership to improve Plant City's businesses and our community. We are committed to meeting the needs of the community, with a dual concern for business and for quality of life.

We are comprised of over 600 local businesses who collectively believe we can create a more remarkable place to live and do business. In our already extraordinary city. We consistently strive to fulfill our mission to promote economic prosperity through innovative leadership, advocacy, and collaborative community engagement.

Don't let fear stop you from getting the care you need.

Don't delay getting essential medical care. We've put enhanced safety measures in place to help keep you safe.

COVID-19 has stopped people from doing many things. But we can't let it stop us from getting what we need most: medical care. BayCare is helping to keep our patients safe by following guidelines from the Centers for Disease Control and Prevention (CDC) for safety processes and cleaning procedures. This makes sure that everyone can feel secure getting the care they need. Don't let fear of this pandemic make other health conditions worse. **Learn more about how we're keeping you safe: [BayCare.org/Safety](https://www.baycare.org/Safety)**

SMALL TOWN. BIG HISTORY

Named after Henry B. Plant, who constructed the railroad connecting Plant City with the South Florida Railroad, Plant City thrives in its historic role as an agriculture center, but it is also home to a robust manufacturing sector.

Notwithstanding its role in economic growth, Plant City is proud to be recognized as the Winter Strawberry Capital of the World, producing over three fourths of the nation's midwinter strawberries.

The annual Florida Strawberry Festival® brings over half a million visitors to the area during February. While boasting one of the finest community colleges, Hillsborough Community College, and a high-tech community hospital, South Florida Baptist Hospital, Plant City blends the best of big-town amenities and small-town charm.

Its proximity to Tampa and Orlando International airports, as well as Interstate 4, the major east/west artery (I-4 Technology Corridor) through Florida, have made Plant City an ideal distribution point for major businesses. The Greater Plant City Chamber of Commerce plays a leading role in community, business, and economic development in the area.
